

C.V.S.S. Subramanyam

Integrations Manager & Solutions Engineer · Transitioning to Product Management

Bengaluru, India · Open to relocation (UK, Germany, Australia, Canada) · [your@email.com](#) · [linkedin.com/in/your-profile](#)

PROFILE

7+ years in enterprise SaaS spanning Solutions Engineering, Integrations Management, and Business Analysis across mobile attribution and customer engagement platforms. Track record of measurable client impact — including a **46.3% push conversion uplift for Airtel**, **8× engagement growth for OYO Hotels**, and a **30% reduction in enterprise onboarding timelines** at Singular. CSPO certified, with a B.E. in Computer Science. Actively pursuing PM roles.

EXPERIENCE

Integrations Manager

Current

Singular — Mobile Attribution & Analytics

- Managed **20+ concurrent enterprise clients** across APAC, EMEA, and North America through full integration lifecycle.
- Reduced enterprise onboarding timelines by **30%** through standardised playbooks and reusable integration templates.
- Designed BRDs and FRDs for complex partner integrations across AWS S3, Athena, and Snowflake data pipelines.
- Led UAT and technical validation across SDK, REST API, and event-driven mobile attribution flows.
- Primary technical liaison between product, engineering, and enterprise clients during escalations.

Solutions Engineer

Prior

MoEngage — Customer Engagement Platform

- Delivered a **46.3% push conversion uplift** for Airtel via targeted segmentation redesign and journey optimisation.
- Achieved **8× engagement growth** for OYO Hotels through personalised cross-channel campaign orchestration.
- Drove **2× engagement uplift** for Flipkart via A/B-tested push notification and in-app messaging strategy.
- Scoped and delivered pre-sales demos, POCs, and integration proposals for enterprise prospects across South Asia.
- Surfaced recurring client pain points and translated them into product feedback adopted by engineering.
